## Etats-Unis Region Des Territoires . . .

**Stock#:** 55812
**Map Maker:** Dufour

**Date:** 1854
**Place:** Paris
**Color:** Color
**Condition:** VG+
**Size:** 12.5 x 10 inches

**Price:** SOLD

**Description:**

***German and French Colonies in Texas***

Fine map of Texas and the Western United States, immediately after the Gadsden Purchase.

Unusual California configuration and curious Utah Territory. Washington and Oregon Territory run to the Rocky Mountains. Nebraska Territory extends to the Rockies and Canada. Very unusual and ephemeral Kansas Territory configuration.

New Mexico is still shown in its Mexican Province configuration.

Texas is oddly configured and shows the German and French Colonies, separately colored and named.

Excellent detail throughout, including Indian tribes, forts, railroads and other early interesting features.
