Description:

Fascinating map, showing excellent detail in Texas, Arizona and New Mexico.

Includes a badly misprojected Baja California, as was normally the case with French maps of the period.

Missions and settlements shown in the Texas interior. Indian tribes shown. Locates New Orleans and La Salle's 1665 location. Nice detail along the Gulf Coast to east Florida.

One of the most recognizable and collected maps of the region for the late 18th Century.
