## **Description:**

Rare Jansson edition of this decorative map of China, Tartary and Central Asia, extending from Mongolia and Xanadu to the Caspian and the Volga River and to Tibet and the Upper Ganges River.

The Great Wall of China appears prominently.

The difference between this map and the much more common edition of the map by Blaeu can bee seen most readily in the scrolling of the letters above the scale of miles. The tail of the "q" in Persqae has far more elaborate flourish and extra curl in the Jansson map. The Jansson map also lacks degree markings across the top and bottom and verticle lies of longitude.
