Stock#: 0038dg
Map Maker: Jefferys
Date: 1748
Place: London
Color: Hand Colored
Condition: VG
Size: 12 x 17 inches
Price: SOLD

Description:

Fascinating map, issued in January 1748, predictively illustrating the path of the solar eclipse of July 14, 1748 across the Northern Hemisphere.

Surrounded by 24 vignettes of the eclipse in various world cities.

Published in '*A dissertation on the general properties of eclipses; and particularly the ensuing eclipse of 1748, considered thro' all its periods*', by George Smith.

As noted by Nick Kanas, the chart was published by the British Parliament in early 1748 informing the British public of the appearance of the solar eclipse of July 14.

Detailed Condition:

Right lower margin narrow, as bound.
