**Facies Poli Antartici ex recentissimis itinerariis descripta . . .**

**Stock#:** 0044dg  
**Map Maker:** Weigel  
**Date:** 1718 circa  
**Place:** Nuremberg  
**Color:** Hand Colored  
**Condition:** VG+  
**Size:** 14 x 12 inches  
**Price:** SOLD

**Description:**

Interesting and nearly completely conjectural map of the South Pole from Davide Kohler's *Descriptio Orbis Antiqui...* published by Weigel in 1720.

The map shows the prevailing belief in a massive southern hemisphere, which extended to just south of the Straits of Magellan and Le Maire, both of which are shown on the map.

An interesting retrospective projection.
