## "The County of California" Fresno County, Cal. The Largest Irrigation District in the United States

**Stock#:** 101931  
**Map Maker:** Pierce & Anderson  
**Date:** 1902 circa  
**Place:** Fresno  
**Color:** Uncolored  
**Condition:** VG  
**Size:** 24 x 19 inches  
**Price:** \$ 495.00

### Description:

Advertising map for Pierce & Anderson highlighting the irrigation benefits of Fresno County and the agricultural benefits of the area.

Large, detailed map showing railroads, wagon roads, canals and ditches, streams, and several supervisor district boundaries.

Pierce & Anderson, specializing in both insurance and real estate brokerage, became the largest insurance agency in interior California.

This map shows the countywide 160-acre plots. Probably printed after The Reclamation Act of 1902 that required farmers to live on their land and receive only water for their 160 acres.

### Detailed Condition:

Old folds, as issued.
