Description:

Striking wide margined example of this scarce map the region from India and Central Asia to Japan.

Nice detail throughout, including Tibet, the Himalayas, Tartary, etc. Fascinating treatment of China, Japan and Korea. The dating of this map runs the gamut from 1784 to 1806, but it can be reliably traced to Mentelle's Atlas Universel, published in Paris in 1798, although this example does not have the bluish hue typical of Mentelle's maps suggesting an earlier publication date.
