### Description:

Excellent detailed map of Switzerland. One of the best large format English atlas maps of the period.

Pinkerton's maps reflect the fine copperplate engraving work being done in the Britain at the beginning of the 19th Century, with remarkable detail and a 3 dimensional feeling.

Highly detailed regional map, one of the best regional maps of the area to appear in an English Atlas during the period. Pinkerton's now rare elephant folio atlas is one of the best engraved works of the period. While lesser known than the more common atlases by Cary & Thomson, it is a superior work, especially in the detail of the maps.
