Description:

Scarce sea chart of the Nord Zee and Oost Zee, including parts of the coast of Sweden, Norway, Denmark, Germany and Holland, published in Amsterdam by Reiner & Josha Ottens.

The chart is oriented with West at the top and is perhaps most recognizable for the remarkable engraving quality, most notably the finely executed allegorical title cartouche.

This chart was first published by Frederick De Wit and later issued by Renard and by the Ottens firm.

Old Color.
