Description:

Detailed map of the Windward Islands, from Puerto Rico and the Virgin Islands to Aruba, Curacao, Bonair and Tobago.

The map provides a fine depiction of the Eastern Caribbean. The dating of this map runs the gamut from 1784 to 1806, but it can be reliably traced to Mentelle's Atlas Universel, published in Paris in 1798, although this example does not have the bluish hue typical of Mentelle's maps suggesting an earlier publication date.

Detailed Condition:

Moderately soiled
