Striking view of the Gold Diggings originally published in Bayard Taylor's *Eldorado, or, Adventures in the Path of Empire* and later copied by Meyer for his early illustrated work.

Bayard Taylor was a travel writer. Bayard wrote a popular account of the California Gold Rush, entitled *A Voyage to California...Life in San Francisco and Monterey; pictures of the gold region...* This included some charming tinted lithographs based on his own first-hand drawings. These are rare early mages of California at this exciting time.
