### Description:

Remarkable large format map of the Eastern Portion of Montana Territory, extending from Bozeman, Gallatin County, Diamond City and Fort Benton in the West and covering most of the Territory. The map illustrates the early railroads, settlements, Mining Districts, Indian Reservations, Forts and other important early features.

Asher & Adams' atlas was one of the first United States atlases to exclusively feature railroad lines, showing minimal topography (in this later edition more topographical features are added, earlier editions have fewer features shown) and only showing towns on or next to the railroads lines. The 1874 edition is the first to include a separate map of Montana Territory.

### Detailed Condition:

Minor toning at centerfold
