Description:

Decorative example of this striking map of America, showing California as an Island based upon the Second Sanson Model, published by the Valk family.

Terrae Esonis and Fretum Anian is shown in the Northwest. There is intriguing detail in the interior. The Mississippi River is shown well west of its true location. Interesting depiction of the Great Lakes and topography of California and the Transmississippi West. A hint of a Northwest Passage. A strong dark impression of this scarce map.

Ornate decorative cartouche shows Indians, Alligator and other flora and fauna.
