### Description:

#### *16th Century Map of England*

Nice example of this scarce map of England and Wales, published by Mathias Quad.

This is one of only a few modern atlas maps of England published in the 16th Century.

Ornate cartouche and many sailing ships and sea monsters, plus some animals in Ireland. The map is based upon Mercator's 1564 wall map of the British Isles in 8 sheets and Lhuyd's manuscript map of 1568.
