Description:

Highly detailed map of South Africa and Madagascar, extending from Angola and the Kingdom of Mongallo to the Cape Colony, with a nice detailed treatment of the area and Madagascar.

Highly detailed regional map, one of the best regional maps of the area to appear in an English Atlas during the period. Pinkerton's now rare elephant folio atlas is one of the best engraved works of the period. While lesser known than the more common atlases by Cary & Thomson, it is a superior work, especially in the detail of the maps.
