Description:

American Charting of the Bahamas and South Florida

Finely executed charting of Southern Florida, the Florida Keys and the Bahamas, plus the northern part of Cuba, published by the United States Coast Survey.

The map includes notes on the Gulf Stream, soundings, light houses, notes and sailing directions.

The map extends north of Cape Canaveral, with a very refined early treatment of the Florida Keys, from Key Biscayne to Key West, based on contemporary American surveys in the region.

The attention to detail in the Bahamas is also quite remarkable.
