Description:

Nice example of Covens & Mortier's map of North America, based upon Guillaume De L'Isle's map of 1700.

Uncommon map of North America and the West Indies. Interesting depiction of California which is ambiguous about whether it is an island or not. The Gulf of California is left open ended.

The routes of the explorers Cortez, Drake and Olivier are shown in the Pacific.

The large title cartouche (uncolored) is flanked by Neptune and two Native Americans.
