Date: 1720
Place: Amsterdam
Color: Hand Colored
Condition: VG
Size: 21 x 15.5 inches
Price: \$ 450.00

Description:

The Kingdom of Solomon

Scarce map of the Holy Land, illustrating the biblical kingdom of King Solomon as described in the Books of Judges, Kings, Chronicles, and Prophets in the Old Testament.

The map is divided into twelve regions or "eparchies," reflecting the twelve tribes of Israel, and depicts the extent of King Solomon's kingdom during his reign.

The biblical accounts of King Solomon's reign are found in the First Book of Kings and the Second Book of Chronicles in the Old Testament. According to these texts, King Solomon ruled over Israel for 40 years and was known for his wealth, wisdom, and building projects, including the construction of the First Temple in Jerusalem. During his reign, the kingdom of Israel reached its greatest territorial extent, extending from the Euphrates River in the north to the Red Sea in the south.

The "Regnum Salomonicum" map provides a visual representation of the biblical accounts of King Solomon's kingdom, offering a glimpse into the geographical and political landscape of ancient Israel. The map highlights the key cities and regions within the kingdom, including Jerusalem, the capital, and the cities of Tyre, Sidon, and Gezer. The twelve eparchies are depicted in different colors, allowing the viewer to easily distinguish between the territories of the twelve tribes of Israel.
