Description:

Handsome large-format engraved map of Florida, the Gulf Coast, Central America, and the Caribbean, published by Laurie & Whittle in London in 1794.

The map stretches from the Lesser Antilles in the east to the tip of Baja California in the west. In the north, East and West Florida are shown. Interestingly, the U.S. appears to have claim to Louisiana, suggesting either an error on the part of the colorist or that this example was issued after the Louisiana Purchase, which is also possible.

A key locates the various colonial possessions by color; these include British, Spanish, French, Dutch, Danish, and Swedish (St. Barts) colonies.

Detailed Condition:

Minor toning and soiling.
