Description:

Striking wide margined example Windward Island, from Puerto Rico and the Virgin Islands to Aruba, Curacao, Bonair and Tobago.

The map provides a fine depiction of the Eastern Caribbean. The dating of this map runs the gamut from 1784 to 1806, but it can be reliably traced to Mentelle's *Atlas Universel*, published in Paris in 1798, although this example does not have the bluish hue typical of Mentelle's maps suggesting an earlier publication date.
