Description:

Nice example of special map of the Eastern Mediterranean, prepared specially for Janssonius re-issue of the Barentsz sea charts of the Mediterranean, *Descriptio Maris Mediterranei, per tabula hydrographics & geographicas*, . . ., published in Amsterdam in 1654.

Unlike the other "special" maps in this work, there is no earlier edition of the map and it is a completely different plate, with a greater focus on the eastern Mediterranean than is found in Jansson's map of the Eastern Mediterrean which appears in his Sea Atlas.
