Rare early proof state of De Wit's map of the Dominion of Venice, extending from Stato di Milano and Genoa to Istria.

This is apparently a very rare early proof state. We note at least 4 states of the map, this early state, with the coats of arms unfinished and no shading around the cherubs at the top, a second early state with shading around the cherubs, but no coats of arms, a third state with the coats of arms completed and a late state by Covens & Mortier.
