Description:

Northwestern sheet from Du Val's rare 4 sheet map of Africa, one of the first attempts at a more scientific mapping of the continent. The cartography is a bit wider from east to west than usual. Highly detailed in the interior, showing mountains, rivers, lakes, tribes, towns, islands and other features. Text on left shows various features of each of the major regions. Trimmed to the neatline of the title section at the bottom, but nto affectign the map image. The four sheet map is now selling for over \$5,000.00 on the rare occasions where it can be located.
