Description:

Interesting edition of Mitchell's atlas map of the United States, published at the end of the Civil War.

The map includes a massive Idaho Territory, pre-dating the formation of Montana and Wyoming Territories.

This map illustrates the evolving west, most notably the oversized Idaho Territory, which extends from Oregon and Washington to Dacotah. The map shows early explorers' routes, forts, Indians, railroads, towns, rivers, mountains, etc. Very decorative. Insets of Pensacola and Hampton Roads/Norfolk.

After a 10 year hiatus, the Mitchell Family reacquired control of the atlas which Samuel Augustus Mitchell published from 1845 to 1849. The 1860 edition abandoned the Desilver decorative border and launched a new version of the atlas which endured until the early 1890s.
