Price: \$ 345.00

Description:

Touring The West Coast During the Depression

Rare early automobile tourism guide for the Pacific Coast, published by the Touring League of America.

The main two maps provide an unusual birdseye view style mapping of the major roads between the Canadian Border and the Mexican Border, looking from the west.

An additional 6 strip maps show specific touring routes on the west coast, with distances notes and lodging recommendations. A larger view of Yosemite is shown on one of the panels.
