Description:

Fine example of this elegantly engraved & detailed map of Pennsylvania, based upon Tanner's work in the early 1840s.

One of the earliest maps of Pennsylvania published for the German speaking market.

Shows counties, towns, roads, canals, lakes, etc. While often referred to as the German Mitchell, this characterization is unfair, as the work appears to be a collaborative effort which predates the sale of Tanner's plates to SA Mitchell. Includes Canal profile and tables.
