### Description:

Decorative early map of England, showing towns, counties, shires, rivers, etc. 3 decorative cartouches, 4 coats of arms and 4 sailing ships. Minor show through from verso, where the words Englandt 1644 have been written in an 18th Century hand. Interesting example, without text on the verso, which was folded into a 17th Century book, rather than an atlas. Examples without text are quite uncommon. Very attractive full wash color in cartouches.
