Nice example of this fine map of Louisiana, from the first edition of Carey & Lea's Atlas. Many parishes still not formed. Size includes text below map, which includes wonderful contemporary details concerning the topography, indigenous lands, rivers, climate, towns, manufacturing, commerce, education, history, population by county (divided into white, free colored, and slaves) and information concerning important battles. From the first edition of Carey & Lea's Atlas. The atlas was issued in 6 editions in English, French & German between 1822 and 1827. A bit of soiling at the centerfold and reinforcement on the verso, but a good example.
