Description:

Scarce map of the Southeast from Mentelle & Chanlaire's Atlas Universel... engraved by Tardieu and Valet. The map has interesting details throughout the region, including counties, roads, towns, counties, rivers, lakes, bays, forts, islands, etc. The engraving detail is very well executed, in the style of other Tardieu maps. An unfolded example, printed on the light blue paper which was used by Tardieu and other French mapmakers in the later part of the 18th and early 19th Century. An excellent collector's map.
