Mappe Monde ou Description Du Globe Terrestre assujettie aux Observations Astronomiques...

Stock#: 11889
Map Maker: Delamarche
Date: 1780
Place: Paris
Color: Hand Colored
Condition: VG+
Size: 18 x 12 inches
Price: SOLD

Description:

Striking large format decorative double hemisphere map of the World. Interesting NW Coast of America, based upon the discoveries of Cook and the Russian Voyages in the mid-18th Century. The projection of Australia is notable for its lack of a southern coastline and attachment to New Guinea. New Zealand is also based on Cook's discoveries. No sign of the Antarctic Continent. Striking embellishments and rich hand coloring. A nice full color example, with wide clean margins.
