Description:

Striking map of the region bounded by Haiti and Puerto Rico in the north and Venezuela in the south, extending to the Windward Islands. Prepared to illustrate the narrative of Garcia de Loyasa. Includes decorative cartouche and vignette. Vander Aa was one of the most prolific compiler's of early voyages of travel and exploration from the 15th, 16th and 17th Centuries. His maps illustrate regions for which there were often no contemporary maps or for which only manuscript maps survived to illustrate these often very rare narratives. Nice example in beautiful full color.
