Northern Hemisphere

Stock#: 12614
Map Maker: Thomson
Date: 1814
Place: Edinburgh
Color: Hand Colored
Condition: VG
Size: 21 x 19 inches
Price: SOLD

Description:

Interesting and highly detailed map of the Northern Hemisphere on a polar projection. Shows incomplete knowledge of the NW Coast of America, following the discoveries of Cook and Vancouver. NW Passage still not well documented and the Arctic still not fully explored. Cartography of western North America based upon Humboldt. The course of the Upper Missouri is referred to as based upon former conjectures. Minor splitting at centerfold, but a good example.

Detailed Condition:
