Description:

Attractive full color example of John Norden's map of Sussex, from the 1637 edition of Camden's Britannia. Based upon Norden's map of Sussex. Includes a compass rose, the Royal Arms supported by lion and unicorn, a sea monster, a galleon in full sail, and elaborately engraved cartouches to the title, the key and the scale. William Camden first issued his Britannia in 1586, but did not include maps until the 1607 edition. The maps in the 1637 edition are essentially unchanged from the 1607 edition. Minor reinforcement to the centerfold, else a nice full color example.
