Description:

Rare Blue Back Sea Chart of the Atlantic Coast of America, from the St. Mary's Inlet on the Florida-Georgia boarder to Kennebeck Maine, centered on the Chesapeake Bay. Includes sailing directions, a list of light houses and a host of other details, including special light vessel instructions for ships in the Chesapeake, Delaware and Pamlico areas. A bit soiled, but generally a fine example of this very rare chart. The only example we were able to locate is a 1799 example in the Huntingtonfield Map Collection of the Maryland State Archives. Norie's charts are relatively scarce. Only 2 examples of Norie Charts covering any part of North America appeared in dealer catalogues over the past 25 years and no examples of this map appear in catalogues or auction records which we were able to locate.
