Description:

Striking world map tracking the circumnavigation of the World by Thomas Cavendish, one of the first circumnavigations of the the Globe by and Englishmen. California is shown as an island. No sign of the Antarctic , New Zealand or Australia. The Straits of Anian appear. Cavendish's route is shown.

This map was published in the first edition of Vander Aa' s *Naauwkeurige versameling der gedenkwaardigste zee en landreysen na Oost en West-Indien*, in Leiden 1706-08. Vander Aa was one of the great compiler's of early voyages of exploration. Often, the maps and views which accompany his works are the only obtainable examples of maps and views from these voyages, the originals existing only in manuscript or rare printed examples.
