Carte Generale De L'Amerique Septentrionale . . . Nouvelle Edition . . . [Names Deseret!]

Stock#: 16527 **Map Maker:** Picquet

Date: 1855 circa Place: Paris

Color: Outline Color

Condition: VG

Size: 20 x 14.5 inches

Price: SOLD

Description:

Rare map of North America, illustrating the changing western Territories in the United States. Deseret or Utah is shown, one of the earliest references to the ephemeral name of Utah Territory. Nebraska extends to Canada and the Rocky Mountains. Misconfigured Texas and Indian Territory. Oregon Territory encompasses Washington, Idaho and parts of Wyoming and Utah. Massive Utah and New Mexico Territories. Perhaps the most curious feature is the elongaged Kansas Territory, which reaches considerably west of its actual boundary in the Rocky Mountains. Fine example with massive wide margins. First example of the map we have ever seen.
