### Description:

Very scarce regional map of the region at the north end of the Black Sea, between the Bug and the Dniestr River.

Shows rivers, roads, towns, castles, forests, lakes and a host of other details. Quite possibly the most detailed map of this region to appear in an 18th Century Atlas. From Von Reilly's exceedingly scarce *Grosser Deutscher Atlas*.

Von Reilley & Schraembl led a revival of map making in Vienna in the late 18th Century which included this and several other sought after works.
