**Price:** SOLD

### Description:

Detailed plan of St. Petersburg, showing the fortifications constructed at the beginning of the 18th Century by Peter the Great in 1703, along with a detailed treatment of the city and outlying regions.

The map is joined by a second map, showing the larger region around St. Petersburg and regions to the East, including the Canal which extends the Neva to the Wolschowa. Marvelous early detail.

### Detailed Condition:
