Description:

Extremely rare separately issued map of the Gulf Coast and the Caribbean by Tardieu. The map was issued shortly after the Louisiana Purchase (1803), the creation of Mississippi Territory (1804). Two Floridas still appear on the map. The Upper Mississippi is based upon Arrowsmith's map of 1796, which Tardieu also re-issued in several rare variant editions.

Remarkably fine engraving, as is characteristic of Tardieu's maps. The Library of Congress owns this lower sheet. No other institutional examples have been located in American Institutions.
