Description:

Cram's Rail Road & Township Map of Montana is one of the rarest of Cram's early maps of the region west of the Mississippi.

Cram's map of Montana is constructed on a very large scale. The earliest township surveys are shown, as are towns, counties (only 10), Indian Reservations, Indian Agencies, The proposed route of the Northern Pacific Railroad, Coal deposits, Forts (C.F. Smith, Horn, Hawley, Peck, Old Fort Charles, Baker, Shaw, Browning, Camp Cook, Benton, etc.), Copper Mines, Mountains, Rivers, Bannack's Cy. Court House, and a number of early roads.

Yellowstone National Park is also shown in some detail.

A pristine example.
