Description:

Scarce large format map of Florida, the Caribbean and part of Central America and the coast of northern South America, from an early edition of Weiland's Atlas.

This early edition of the map includes a key showing the colonial possessions of England, Spain, France, the Netherlands, Denmark, and Sweden. Four scales of miles are located below the title, and a decorative border surrounds the map. We are aware of a later edition of the map dated 1825 and a significantly updated and revised plate by Weiland in 1844, which is somewhat smaller. All editions are scarce.
