Scare view of Portland, Oregon, with the original publication credited to JK Gill.

When acquired the view had been laid down on a fashion print, which has been removed. On the verso, there is the printing on a local scene, suggesting that the view is from a county or state history type publication, but we have not been able to identify the source. The original sheet has been trimmed to the decorative border and laid on a new sheet of paper.

One of the earliest obtainable views of Portland, from Portland's first great book seller. Not in Reps.
