## **Description:**

Excellent early map of Canada, Alaska and the NW part of America and contiguous regions covered by Lewis & Clark. The treatment of Western Territory (Oregon Territory) is excellent quite nice topographically, correctly placing the Fraser River and the Columbia, and showing a credible course of the Missouri River and tributaries. 54-40 or fight Oregon Territorial Border. The river from San Francisco to Salt Lake still appears. A N.W. Company outpost is shown. Alaska is Ruissian Territory. The NW Coast of America and northern coast of Alaska and Northern Canada are treated in excellent detail. Marvelous detail east of the Canadian Rocky Mountains. A terrific regional map with excellent detail for the period.
