Description:

Striking map of the Graubunden Canton by Jan Jansson.

This regional map of Switzerland and part of Italy was originally drawn from maps by the Swiss cartographer Fortunato Sprecher à Berneck and Phillip Cluverius. The map was originally engraved by Evert Symonsz. Hamersveldt (born c. 1591/1592) who was active in Amsterdam between 1616-1643 for Hondius, although the plate is one the plates sold to Blaeu which was later published in Blaeus very first atlas, the *Atlas Appendix* (1630).
