Description:

Rare Pieter Schenk edition of Friedrich Kubn's (Kühnovio) map of Silesia, first published ca. 1660.

Originally published in 1654 by Johann Gottfried Bartsch in Berlin, the map is one of the best maps of the period. The original Kubn edition did not include the large inset views of Jauer & Hirschberk in the upper corners.

This edition is particularly fascinating, as it reflects Schenk having obtained the privilege of the King of Poland for publication of the map, something we had not previously seen on any printed map.

We found only one auction record for the map (\$1,259 at Reiss in December 2007).

Detailed Condition:

Minor cracking along green outlines, reinforced on verso, with minor loss.
