Description:

Scarce and highly detailed regional map of New South Wales and Australia Felix (Victoria).

The map, with this title, lasted for only a few years before Australia Felix was changed to Victoria. The map provides a very early depiction of the region, pre-dating the discovery of gold.

Shows Mitchell's Route (1836) in Red, Tyer's & Townsend's Route (1840) in Yellow, and County Streletsky's (Strzelecki) Route (1840) in Blue. Extensive historical note. Decorative Piano Key border. Fine example on thick heavy paper. From Johnston's scarce *National Atlas*.
