### Description:

Detailed map of the region of Alaska bounded by Cook Inlet and Prince William Sound, showing Port Bainbridge and the area which would become Anchorage, Alaska.

Includes Indian Tribes, Russian Factories and a number of other placenames.

Includes an early explorer's tracks in the region.

Shows soundings and various routes through the region. A highly detailed and interesting map. From Vandermaelen's remarkable 6 volume atlas, which if combined as globe gores forms an immense globe. Vandermaelen accomplished the first atlas mapping of the world on a uniform scale. A bit of spotting and soiling, but overall a nice map.
