## Panoramic View of the Mesa Verde National Park, Colorado

**Stock#:** 32368mb  
**Map Maker:** U.S. Geological Survey  
**Date:** 1914 circa  
**Place:** Washington, D.C.  
**Color:** Color  
**Condition:** VG  
**Size:** 22.5 x 19 inches  
**Price:** SOLD

### Description:

Rare topographical view of Mesa Verde National Park, prepared by John H. Renshaw from topographic sheets of the United States Geological Survey.

The map provides a fantastic full color image of the park, including topographical details, roads, rivers, canyons, mountains and other points of interest.

This is the first time we have ever seen this view. The US Geological Survey apparently prepared similar views for several other national parks, all of which are extremely rare on the market.

### Detailed Condition:
