Description:

Rare fifth and final state of Van Keulen's map of Florida and the Gulf Coast, along with parts of Cuba and the Yucatan.

This fourth and fifth states are significantly improved from the early states by Johannes Van Keulen and features tremendous differences in the details and accuracy of the coastline. The first 3 editions are not terribly detailed, with very few place names and highly inaccurate information. By contrast, this fourth and fifth states identifies many coastal details (perhaps 3 to 4 times more place names) and much more accurately charts the coastline of Western Florida and the panhandle.

Put side by side, the differences are quite striking and significant. While the early states appear on the market frequently, this is only the second time we have seen this late and significantly improved state of the map. The fourth state retains the imprint of C.J. Vooght. The fifth state includes the imprint of Gerard Van Keulen for the first time.
