Description:

Extremely rare plan of Charleston, published in Paris, issued at the beginning of at the outset of the French & Indian War in his *Recueil des plans de l'Amerique septentrionale*.

While the plan is listed in Phillips as "anonymous," we acquired the map as part of a group of 5 American City plans, including rare French editions of the Montessor New York and "Eastburn" Philadelphia, all of the others published by Le Rouge in 1776, therefore we are fairly certain that Le Rouge was in fact the publisher.

The map is of the utmost rarity, with no examples appearing at auction or in dealer catalogs for more than 30 years.
